

Under the Stars at Midnight

To the tune of “Deep in the Heart of Texas”

** Hand motions**

Bats in the sky, begin to fly
(clap 4x)
Under the stars at midnight
They flap their wings and start to sing
(clap 4x)
Under the stars at midnight

make binoculars around eyes and then biting motion with hands

Soon in sight, a bug to bite
(clap 4x)
Under the stars at midnight
But some for lunch, choose fruit to munch
(clap 4x)
Under the stars at midnight

place hands on head making bat ears

A sonar call finds a flower so small
(clap 4x)
Under the stars at midnight
stick tongue out and sing
Long tongue to drink, nectar - (oh so sweet!)
Under the stars at midnight

make two fangs with fingers

Fangs take a bite, a sip for the night
(clap 4x)
Under the stars at midnight
Blood from a cow, a meal for now
(clap 4x)
Under the stars at midnight

So if you see, a bat flap-ping
(clap 4x)

Under the stars at midnight
Watch them go, wild and free
(clap 4x)
Under the stars at midnight
